

SP XD LED Hi Power 8 to 80vDC OLB

Features of the SP XD LED DC Offroad Light Bar:

- Up to 10 times the life of Halogen and Xenon
- CREE XML 10w LED technology
- Wide Operating Voltage range: 10-80Volt DC
- Beam options: spot beam, flood beam and combination Spot/flood beam
- Operation temperature -20°C~+50°C
- Tough Aluminum housing and PC lens
- Waterproof rating: IP67
- Efficient lenses
- LED cooling technology
- Easy installation and maintenance
- IP67, Shock resistant & low heat.
- Designed to work up to 50degree Celcius ambient temperatures.
- 50,000 hour life, LED: 90lumen/W
- Instant start & IR/M sensor friendly

**Save on power.
Save on maintenance.
Save on downtime.**

Stainless Steel mounting bracket

10 WATT CREE XML CHIP

10-80V WIDE RANGE VOLTAGE 10-80V

UNBREAKABLE PC LENS

60° TRUNNION ADJUSTMENT BRACKET

SPOT FLOOD E COMBO

Specifications
